

MADEIRA

FLAG FOOTBALL FALL 2019

The Madeira Community Youth Football Organization (MCYFO) is a community-driven organization that provides a positive team environment where Madeira girls and boys can learn the life lessons that football is designed to teach.

We were thrilled to have over 65 Madeira kids (K - 2nd grade) participate in the flag program in 2018, our 7th year. With the fantastic support and coaching from parents and MHS players, the kids had a great time learning basic football fundamentals and teamwork in an age-appropriate and fun environment. This is a non-contact program in which every player touches the ball and plays multiple positions.
