

MADEIRA KINDERGARTEN BEFORE SCHOOL SPANISH ENRICHMENT PROGRAM 2019-2020 School Year

¡Hola! **Announcing Spanish for Madeira Kindergarteners!** Madeira Elementary Before-School Spanish Enrichment Program taught by Cincinnati Spanish Academy (CSA) invites all Kindergarteners to participate for the 2019-2020 school year!

The objective of this program for Kindergarteners is to immerse kids in the language as much as possible so that kids acquire the language similar to how they learned their first language. The focus is on understanding the spoken language, first attempts at using the language, and reinforcement through exercises in grammar and vocabulary. Kids build on what they learn year-after-year and progress through basics such as colors, numbers, and letters through using various verb tenses and constructing basic phrases as vocabulary becomes more robust.

Classes are taught using the “natural language method” in a small class setting (max 14 students/class) for 23 weeks throughout the school year. The program will start September 30th and will be held Mondays and Thursdays for 40 minutes each day. The program promotes academic learning through a fun and engaging environment; songs, games and age appropriate activities.

Interested? Additional program information and registration forms are available on-line at www.cincinnati-spanish-school.com/madeira. **Deadline to enroll: September 20th**

Note: The language program is a service hosted through the PTO as a before-school enrichment course. Questions? Contact PTO Foreign Language Liaison Katie Kerrey at katiekerrey@gmail.com, Brigette Lynn at briguyet@gmail.com or CSA at registration@cincinnati-spanish-academy.com or 513.602.6100.
