Fiscal Year 2023-2024
Tax Budget Introduction

A step in the school district's budget process is the preparation and adoption of the tax budget. Our school district is a political subdivision in the same sense as a county, township, or municipality. Consequently, the same general requirements that govern the school district's tax budget, appropriation resolution, and expenditure of public funds, are common to these other forms of government. The budget laws of the State of Ohio can be found in Chapter 5705 of the Ohio Revised Code.

Preparation of the tax budget is a step in planning for the use of financial resources for the fiscal year which will begin on **July 1, 2023 and end on June 30, 2024**. It provides a basis for the more precise estimate of the expenditure of school funds in the fiscal year appropriation resolution to be adopted by September 30th of the new fiscal year 2023. The tax budget also establishes the need for tax revenues to be collected during the fiscal year from existing levies.

School district tax budgets are required to be **adopted by January 15th** for the next succeeding fiscal and calendar years. As a result of this requirement, the last half of the current fiscal year (**1/1/2023 thru 6/30/2023**), the next fiscal year (**7/1/2023 thru 6/30/2024**), and the first half of the following fiscal year (**7/1/2024 thru 12/31/2024**) are included in the document. This provides the County Auditor with two **calendar years** of tax data. After adoption of the tax budget, it must be filed with the County Auditor's office by **January 20th**.

The Tax Budget document includes:

General Fund	001	Schedule of Projected Property Tax Related and TIF Revenue
Bond Retirement Fund	002	Schedule of Projected Revenue and Expenditures
Permanent Improvement	003	Tax Levied Permanent Improvements -- Madeira has none
Schedule of Bond Payments		Fiscal Year 2023 & 2024 and Calendar Year 2023 and 2024
5 Year Forecast		Schedule of Revenue and Expenditures (as of 11/30/2022)
Notes for 5 Year Forecast		
Debt Schedule		

The next step in the budget process requires the County Auditor to present the tax budget to the Hamilton County Budget Commission that consists of the County Auditor, County Treasurer, and Prosecuting Attorney. The Budget Commission certifies tax rates and estimated amounts of funding to the Board of Education on a document titled the Certificate of Estimated Resources. The certificate will govern the maximum amount to be available for appropriation on July 1, 2023, the beginning of our next fiscal year. This certificate **can be amended after July 1st** to reflect our exact beginning fund balances and as additional revenues are received or become measurable,

The final step in the tax budget process is to adopt a resolution certifying tax rates and authorizing the County Auditor to collect property taxes. These rates are the **voter approved tax rates** and district **inside millage allowance**. **These rates of taxation will be collected beginning on the next calendar year January 1, 2023**. These rates can be changed only when any or all of the following conditions occur: 1) If property values increase or decrease there will be an adjustment to the **effective millage** amount through the **H.B. 920 reduction factor process**; 2) Board of Education can act to reduce voted millage; 3) if a levy is adopted in a calendar year, it will be automatically added to these millage figures and collected beginning with the next calendar year. An additional variable is added for Debt Service levies in addition to these three conditions. Debt Service levies can be reduced when the debt is completely repaid or as annual debt service requirements are lowered as more of the debt is repaid.

While the tax budget is an **eighteen month planning document** for the school district's financial resources, it is an important document for current collection and levy of taxes. The passage of this document **can in no way increase the tax millage of the district**. That can only be done by a vote of the citizens.
